### Other Service Requests:

Please provide a detailed explanation

### Fuel Advisory

Fuel related issues are a fact. Michigan fuels contain up to 10% ethanol, causing many fuel system related issues. At Club Royale, we use an ethanol treatment during the winterize process to help. We cannot be responsible for fuel system issues due to bad gas or ethanol. Speak to your service advisor for details. (248) 681-9100

The following must be filled out before any work will be performed. Thank you.

1. A CHECK is enclosed for the services requested.
2. Please charge my CREDIT CARD. Here is my VISA/MASTERCARD/AMEX/DISCOVER card number
